

Lorin Industries – Corporate Fact Sheet

PROFILE

Lorin Industries is one of the world's largest providers of continuous-coil anodized aluminum products and services.

Founded by the Kersman family in 1943, Lorin Industries started as an electroplating company prior to transitioning to batch and continuous-coil anodizing through a partnership with Reynolds Aluminum in 1956.

Today Lorin Industries offers the widest range of anodizing and aluminum finishing capabilities and capacity in the world. We are ISO 9001:2000 certified and focused on you – our customer.
