

LORIN

Senior Quality Technician

Lorin Industries is a leading West Michigan Anodizing Company that offers long standing careers to motivated, positive professionals who want to be a team player and take pride in their work while providing the highest level of quality service.

We are seeking a Senior Quality Technician who will be responsible for:

- The development of statistical techniques used to improve product quality
- Analyzing and interpreting data
- Disposition of materials
- Overall responsibility for the supervision of Lorin's internal audit program in support of our quality system's effectiveness
- Maintaining our corrective action request program
- The design and development, implementation, and maintenance of Lorin's ISO program.
- Making certain company documentation and quality records are appropriately controlled and maintained in accordance with ISO requirements.

The ideal candidate will be dependable, detail oriented, self-motivated, show initiative, have the ability to work in a team environment and maintain a level of integrity that aligns with Lorin Industries Vision, Mission and Core Values.

This is an opportunity to join our Quality team and help make a difference in the success and growth of our business and that of our customers.

Lorin offers a competitive hourly rate and benefit package that includes:

- o Paid time off
- o Health Insurance
- o Dental Insurance
- o Vision Insurance
- o Life Insurance
- o Flexible Spending
- o 401(k) with a company match
- o Education Reimbursement program

Lorin Industries is an equal opportunity employer and considers all qualified applicants without regard to race, color, sex, sexual orientation, gender identity, age, religion, disability, national origin, citizenship, height, weight, genetic information, marital status, pregnancy, protected veteran status or any other status protected by law.
