To receive coverage under this Base Limited Warranty, the proposed application of the Anodized Products must be pre-approved by Lorin, and Lorin's warranty registration request must be completed through Lorin's on-line registration process (<https://www.lorin.com/>) prior to the shipment of the Products. Lorin reserves the right to impose additional conditions and requirements on this Base Limited Warranty coverage in connection with any order of Anodized Products. Limited Warranty coverage is not applicable and in effect until and unless approved and issued by Lorin in writing, and is void if the product registration procedures are not strictly followed.

Warranty Transfer. Lorin's Limited Warranty (including Base and any applicable Additional Limited Warranty) may be transferred from the original Customer to subsequent owners of the property during the applicable limited warranty coverage period(s), provided that (1) any subsequent property owner(s) give written notice to Lorin of the transfer of the property within 30 days of the transfer, including a copy of the original Base Limited Warranty and any applicable Additional Warranty Coverage Certificates, and an acknowledgement signed by the new owner affirming and agreeing to the terms of Lorin's warranty coverage(s).
